Thursday 11th June 2020

Dear Parents and Carers

I am delighted to be able to say to we are now able to send home Wath CofE Primary School Ofsted Report from February 2020. We were not able to send this home earlier as a result of school being closed because of lockdown restrictions. Our school are tremendously proud of the amazing learning and conduct which the children showcase to us each day and this is reflected in the report as well as the way staff have worked to shape an environment where children are nurtured and are provided with an excellent curriculum in a range of areas.

In 2012 our school was a good school and I am thrilled to say that this new report confirms we continue to be a good school despite the more rigorous inspection format which has been in place since September 2019. Children, parents, staff and governors should be delighted by the part they will have played in the continuation of our school's successful story. I will not quote a vast array of points from the report as you will be able to read those from the report itself which is a separate file accompanying this letter. Happily though there are many points of celebration and I hope you enjoy reading these as much as I have. However, being ambitious as we are to further enhance the educational experience of all children at our school, we have already begun to focus on the points for further improvement and these will shape our thinking over the next year and beyond.

Yours sincerely

Paul Beevor
Headteacher
